Amit Kumar

Aspiring AI Engineer | Software Developer | Full-Stack Developer

amitkumar19042006@gmail.com · Vadodara, Gujarat, India · LinkedIn · GitHub

CAREER OBJECTIVE

To become an AI Engineer who builds intelligent, reliable, and useful technology products. My goal is to combine software engineering, artificial intelligence, and product thinking to create applications that address meaningful real-world challenges.

PROFESSIONAL SUMMARY

Computer Science and Engineering student specializing in Artificial Intelligence and Machine Learning at Parul University. Passionate about building intelligent applications, AI-powered tools, and practical software solutions that solve real-world problems. Interested in AI engineering, full-stack development, and product development, with a focus on transforming ideas into functional, user-friendly applications. Continuously developing technical skills through programming, independent projects, and hands-on experimentation with modern development tools.

TECHNICAL SKILLS

Programming Languages:	Python, C++, C, Java, JavaScript
Web Development:	HTML, CSS, React.js, Next.js
AI & Machine Learning:	Artificial Intelligence, Machine Learning Fundamentals, AI-Powered Application Development
Computer Science:	Data Structures and Algorithms, Problem Solving
Developer Tools:	Git, GitHub, Visual Studio Code

FEATURED PROJECT

AI Project Mentor

`Next.js • TypeScript • React • Google Gemini API`

"An AI-powered project planning application designed to help students and beginner developers transform vague software ideas into structured project blueprints."

- Designed an interactive AI mentoring workflow that guides users through project discovery.
- Developed the concept of an adaptive interview that asks clarifying questions to understand project requirements.
- Planned a live project context panel to help users refine their ideas.
- Focused on realistic project scope, structured planning, and actionable development roadmaps.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering 2025–2029

Specialization: Artificial Intelligence and Machine Learning Vadodara, Gujarat, India

Parul University

AREAS OF INTEREST

- Artificial Intelligence and Machine Learning
- AI Agents and Intelligent Assistants
- Full-Stack Web Development
- Software Engineering
- Developer Tools and Productivity Applications
- Hackathons and Product Development
